

THE WAR GRAVES OF THE BRITISH EMPIRE

CEMETERIES AND CHURCHYARDS
IN SHROPSHIRE

THE WAR GRAVES OF THE BRITISH EMPIRE

The Register of the names of those
who fell in the Great War
and are buried in

Cemeteries and Churchyards in the
Administrative County of Shropshire

Compiled and Published by order of the Imperial War
Graves Commission, London. 1931.

The particulars given in the Registers of the graves have been compiled from information furnished by the Record Offices and the next-of-kin. In all cases the relatives have been asked to furnish the personal information they wish to appear in the Register and where possible this has been given in their actual words. The manner of locating the graves recorded in these Registers does not conform to any uniform system, but follows the practice adopted by the governing authorities of the various cemeteries concerned. They are indicated by letters or numbers at the end of the individual name entries, which represents the Plot (or Section, Ward or Compartment as the case may be), Row (if any) and Grave. In many instances three-sub-divisions of the Cemetery are indicated, e.g., 51. 2. H. ; in some only two are shewn, the first of which represents the Plot or Row, whichever it might be, and the second the number of the Grave, e.g., C. 33.; in others only the Grave number is shewn, or only the Row is indicated. In many cases only a general indication of position can be given.

The abbreviations used in the Registers in connection with the grave locations are appended as a glossary :—

C.E.	-	-	-	-	-	Church of England.
Gen.	-	-	-	-	-	General.
N.C.	-	-	-	-	-	Nonconformist.
R.C.	-	-	-	-	-	Roman Catholic.
